

**OVERVIEW**

Terrashine is an acrylic based topcoat designed for exterior facade coating. It has good dirt pick-up resistance as it forms a tough hydrophobic film when dry. Terrashine is designed as a topcoat for various Terraco coating systems, such as Terrabontile Exterior, Supertex Basecoat and Terracoat Textured Coating. Terrashine is available in a range of attractive colours and in three sheens; Satin, Gloss and Eggshell.

**PRODUCT GRADES/CODES**

Satin	61121
Eggshell	61122
Gloss	61123

**PROPERTIES**

Terrashine is a water borne coating based on acrylic polymers and fade resistant pigments with the following properties;

- Dirt pick-up resistant
- UV resistant
- Weather resistant
- High coverage rate
- Breathable film
- Good sheen retention
- Easy-to-apply
- Environmentally friendly

**AREAS OF USE**

Terrashine is designed for use on exterior facades as a stand alone facade coating or as a topcoat in Terraco exterior facade coating systems. It is particularly popular for use as a topcoat over Terrabontile Exterior when used to overcoat old ceramic tile surfaces.

**PREPARATION OF SURFACE**

Ensure that all dust, dirt and foreign matter are brushed and scraped away. Also ensure the surfaces are free from salts, oil, grease and ridges, and protect all adjacent surfaces not to be covered.

All cracks, chips, voids and damages should be repaired with appropriate filler.

**PRIMING**

When used directly as a facade coating ensure surface is primed with a liberal coat of Penetrating Primer.

**APPLICATION & CLEANING OF TOOLS**

Terrashine is applied by roller or spray in a 2 coat application. As is the practice with water based gloss coatings, it is recommended not to over-spread the material to ensure best results.

Clean tools and equipment with water after use.

**HEALTH & SAFETY**

Avoid prolonged contact with eyes and skin. For detailed information refer to relevant material safety data sheet.

**PACKAGING & STORAGE**

Terrashine is supplied in 5kg and 20kg plastic pails.

Store containers in a clean dry area protected from direct sunlight and extreme heat and cold. Unopened containers can be stored for 12 months. Use oldest material first.

TERRACO offers a comprehensive range of products and services for most concrete and finishing needs. Please contact the TERRACO Technical Service Department or your local TERRACO agent for further information, samples, demonstrations and instructor services. The information given in this leaflet is based upon laboratory research, as well as extensive field work and application. All products are sold subject to standard conditions of sale which are available on request. This information is based on TERRACO's present state of knowledge and is intended to provide general information on TERRACO's products and their methods of use. The prospective user is recommended to determine the suitability of TERRACO's suggestions and products before adopting them on a commercial scale.

### TECHNICAL DATA

<b>Product</b>	Gloss emulsion topcoat.
<b>Binder</b>	Acrylic.
<b>Pigments</b>	Fade resistant pigments.
<b>Viscosity</b>	7,000 cps
<b>Specific Weight</b>	1.20
<b>Colours</b>	Range of attractive shades.
<b>Material Consumption</b>	0.2-0.3kg/m <sup>2</sup> in 2 coats.
<b>Packaging</b>	5kg and 20kg plastic pails.
<b>Storage</b>	12 months in original unopened containers.
