

OVERVIEW

Terraco Silshine Metallic is a premium quality exterior masonry topcoat based on acrylic and silicone polymers and pearlescent pigments, which provide a unique metallic lustre finish. Terraco Silshine Metallic has excellent dirt pick-up resistance and water repellency. Terraco Silshine Metallic is designed for application on pigmented exterior coatings where it significantly improves the dirt pick-up resistance of the coating. Terraco Silshine Metallic has a mid-sheen finish and is available in silver, aluminium, gold, bronze and copper.

PROPERTIES

Terraco Silshine Metallic is based on acrylic and silicone polymers which provide the coating with unique properties.

- Water resistant finish
- Good breathability
- Excellent dirt pick-up resistance
- Excellent weather resistance
- Excellent exterior durability
- Excellent coverage
- Mould resistant
- Unique metallic lustre finish

AREAS OF USE

Terraco Silshine Metallic is used as a metallic lustre topcoat on exterior masonry paint where high performance is required. Terraco Silshine Metallic is used as a top coating system for textured surfaces to minimise the dirt pick up problems normally associated with open pore textures. Terraco Silshine Metallic is used to create a modern metallic lustre finish.

APPLICATION & CLEANING OF TOOLS

Silshine Metallic is applied by roller or spray in two coats directly onto a Terracoat or Terrashield applied substrate. Two coats is normally sufficient to give the desired effect.

Clean tools and equipment with water after use.

HEALTH & SAFETY

Avoid prolonged contact with eyes and skin. For detailed information refer to relevant material safety data sheet.

PACKAGING & STORAGE

Terraco Silshine Metallic is supplied in 15kg plastic pails.

The paint should be stored in a clean, dry area, protected from direct sunlight and extreme heat or cold. Unopened containers can be stored for 12 months. Ensure that oldest material is used first.

TERRACO offers a comprehensive range of products and services for most concrete and finishing needs. Please contact the TERRACO Technical Service Department or your local TERRACO agent for further information, samples, demonstrations and instructor services. The information given in this leaflet is based upon laboratory research, as well as extensive field work and application. All products are sold subject to standard conditions of sale which are available on request. This information is based on TERRACO's present state of knowledge and is intended to provide general information on TERRACO's products and their methods of use. The prospective user is recommended to determine the suitability of TERRACO's suggestions and products before adopting them on a commercial scale.

TECHNICAL DATA

Product	Metallic lustre silicone enhanced topcoat
Binder	Acrylic/silicone
Pigments	Lime and light-fast
Additives	Bactericides, adhesion promoting, etc.
Specific Weight	1.10 ± 0.05
Solid Content	38% by weight
pH Value	8-8.5
Application Method	Spray or roller
Material Consumption	0.25g/m ²
Finish	Mid-sheen
Colours	Aluminium, silver, gold, bronze and copper
Packaging	15kg plastic pails
Storage	12 months in original unopened containers
