

### OVERVIEW

Handycoat Washable is a ready-to-use filler and board jointing compound for most building surfaces, including sand/cement render and gypsum board. It gives a high quality, even surface for painting. Handycoat Washable is specially formulated for use in areas such as kitchens, bathrooms and hallways where painted surfaces may become damp and wet from time to time.

Handycoat Washable is specially formulated without the use of solvents, formaldehyde and any other harmful chemical. Handycoat Washable is a member of the Terraco ECOLIFE product group which ensures minimal environmental impact.

### PROPERTIES

Handycoat Washable is made from a selected blend of acrylic polymers and precisely graded fillers. The product is:

- Easy to use
- Does not flake off
- Has high adhesion power
- Applicable up to 2mm in thickness
- Has high coverage
- Quick drying
- Vapour permeable
- Can be used in damp areas
- Washable
- Low odour
- Environmentally friendly

### AREAS OF USE

When dry, Handycoat Washable bonds extremely well to cementitious materials, gypsum, gypsum boards, sprayplasters, wood, galvanised steel lathings and all common building surfaces. It is ideal for use as a gypsum board jointing compound and skimcoat. It is ideal in kitchens, bathrooms and hallways for patching hairline cracks in walls, ceilings, repair to damaged plaster/paint work, filling of defects, nail holes in woodwork, making good around door architraves and along the top of skirtings etc.

### PREPARATION OF SURFACE

Ensure that dust, dirt and foreign matter are brushed away. Ridges and form oil must also be removed. The use of a stabilising primer is recommended on dusting or flaking surfaces.

### APPLICATION & CLEANING OF TOOLS

Apply the filler in a thin even layer. If a thick coat is necessary, apply several thin layers, allowing to dry between layers. Lightly sand down the final surface before painting, preferably within 24 hour of application.

Clean tools and equipment with water after use.

### HEALTH & SAFETY

Avoid prolonged contact with eyes and skin. For detailed information refer to relevant material safety data sheet.

### PACKAGING & STORAGE

Handycoat Washable is supplied in 5kg and 25kg plastic pails and 25kg plastic bags.

Store containers in a clean dry area protected from direct sunlight and extreme heat and cold. Unopened containers can be stored for 12 months. Use oldest material first.

TERRACO offers a comprehensive range of products and services for most concrete and finishing needs. Please contact the TERRACO Technical Service Department or your local TERRACO agent for further information, samples, demonstrations and instructor services. The information given in this leaflet is based upon laboratory research, as well as extensive field work and application. All products are sold subject to standard conditions of sale which are available on request. This information is based on TERRACO's present state of knowledge and is intended to provide general information on TERRACO's products and their methods of use. The prospective user is recommended to determine the suitability of TERRACO's suggestions and products before adopting them on a commercial scale.

**TECHNICAL DATA**

<b>Product</b>	Water resistant filler for interior surfaces.
<b>Binders</b>	Styrene acrylate.
<b>Fillers</b>	Fine precisely graded fillers.
<b>Dilution</b>	With water if required.
<b>Coverage</b>	0.5 -1.5kg/m <sup>2</sup> depending on substrate conditions.
<b>Layer Thickness</b>	Maximum 2mm.
<b>Specific Gravity</b>	1.75
<b>VOC Level</b>	<5 gm/ltr.
<b>Colour</b>	White.
<b>Durability</b>	Negligible shrinkage.
<b>Toxicity</b>	Non-toxic.
<b>Packaging</b>	5 and 25kg plastic pails, 25kg plastic bags.
<b>Storage</b>	12 months in original unopened containers.
